

Flashback

Year 2 Living Things and their Habitats Knowledge Organiser

Science

Different animals live in different places and eat different things.

woodland

river

carnivore

herbivore

beach

jungle

omnivore

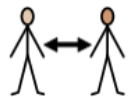

We observe animals respectfully.

Respect

Keep quiet

Keep our distance.

Keep still.

A habitat is a place where an animal or plant lives.

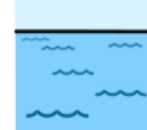

polar

desert

woodland

ocean

microhabitat

We can sort things from the world around us.

living

dead

never alive

A food chain shows how energy is passed from one living thing to another.
